

CETA FUNDED SKILLS TRAINING OPPORTUNITIES

The MBA's, CETA funded, Construction Apprenticeship Programme is underway and opportunities exist for MBA employers to take on Apprentices.

Our apprentices in the **Construction Plumbing** and **Carpentry** trades have successfully completed their 1st year's theoretical training under the project management of the East Cape MBA and now need to be placed for their workplace experience.

Benefits to employers include:

- Additional capacity in your company;
- No wage cost to the company;
- Stipend/Wage subsidy provided for by the project;
- Mentorship fee paid to host employers by the project;
- Help contribute to the future skills of the industry.

This is a great opportunity to benefit from your Skills Levy to develop the skill set of your workforce and the Building Industry.

Interested **MBA employers** are encouraged to contact the East Cape MBA Training Office before the 1 December 2017 for further information.
